

## Sissonville High School

6100 Sissonville Dr. Charleston, WV 25312

Robert E. Smith Ed. D., Principal

Student, Parents, and Staff:

It is hard to believe that we are getting ready to start the school year 2023/24, and I hope that everyone had a great summer. I feel this is going to be a great year, and expect to see some new changes to our building. By the start of school, we are expecting to have all the HVAC renovation completed, and a fresh new look throughout the building.

The community of Sissonville is a special place, and our values and commitment to each other is the cornerstone of Sissonville High School. Respect for each other, the school, and community are what separates us from other places. It is my goal that we provide an educational experience in which all learners are provided with the opportunity and challenges a world-class education offers.

I want to welcome the upcoming freshman as well as our returning student. Remember, student achievement is our first priority and we have high expectations. We have many wonderful activities and opportunities planned for this year, but we must not lose sight of our goal – academic achievement. Through hard work the student body of Sissonville High School will be academically, athletically, and socially competitive within the Kanawha Valley and across the state.

With Regards,

Gene Smith Ed. D.

Principal, Sissonville High School
